**Subject:** FYI -- After all the scramble Re: the Pavillion fact sheet for LPJ briefing, OCIR reports that the hearing was cancelled.

Well, at least we'll be ready for the reschedule . . .

**Subject:** Fw: REVISED: Pavillion fact sheet for LPJ briefing -- for your files

All -- For possible future use, here's the final version of the Pavillion fact sheet that went into the Administrator's briefing book for tomorrow's hearing. It was not changed much from the version that included Fred Hauchman's minor edits.

Keep in mind that the format HQ requests next time may be different, but at least this will provide a general site status document that can be more readily updated when the need arises.

Thanks, again, to everyone for your assistance on this!!!

BTW -- The hearing tomorrow is before the full House Committee on Science, Space and Technology (Chairman is Ralph Hall of Texas) on the topic of "Strengthening the Scientific Backbone of the EPA: An Examination of Agency Practices and Foundations for Regulations Affecting the American Economy" and the Administrator is the only witness. It's scheduled to run from 8:00 to 11:00 a.m. MDT. You should be able to watch a live webcast of the hearing at: <http://science.house.gov/hearing/full-committee-hearing-strengthening-scientific-backbone-epa-examination-agency-practices>
